### DESCRIPTION

The villa boasts in its setting and honours the unique offerings of the area. Its interior design successfully blends the '60s style when it comes to vast spaces, wooden surfaces, wooden built-in sofas, straight lines and surfaces, along with a country chic touch and modern influences. The walls on the building's façade have not been replaced by the huge, floor-to-ceiling glasses that let the natural light and the surrounding nature flood its interiors. Stunning views of the sea, a large veranda perched right above the sea and the sunset are your own to enjoy. The main house hosts a vast living room with a fireplace, a dining area and a large, fully-equipped kitchen along with a master en-suite bedroom and 3 more double or twin bedrooms that share two bathrooms. The guest house boasts a separate entrance and is a fully autonomous home for two people with a double en-suite bedroom, a spacious living room and a kitchenette. Exiting the main house's living room, you will find yourself in a charming pool lounge with a shaded dining area, grass patios with pool loungers and the 12.5 x 6m salt-water pool, all embraced by high pine and cypress trees and climbing plants. There you will enjoy your refreshing swim, your cocktail or barbeque dinner in utter privacy surrounded only by the elements of nature: sea, sky and lush vegetation. Think of anything better than this villa for an ultimate summer escape near the city?
