### DESCRIPTION

This beachside villa has just undergone a completely state-of-the-art renovation, following the excellent standard with a modern Scandinavian style. While staying in this luxurious villa, you will have a mesmerizing sea view from anywhere in the house.

The villa is equipped with a huge terrace that is created for relaxing moments, suited for you and your whole company. Beside the terrace, the villa contains a spacious heated infinity pool with a built-in pool-bar as an extravagant feature from where you can enjoy a newly mixed drink while splashing around the pool. You can of course endure the amazing panoramic sea-view from the terrace and the pool. With this state-of-the-art renovated and refurbished villa on a second-to-none beach location, you will for sure find everything you will ever need for your dream holiday with family or friends.

The Villa is located in a nice quiet residential area, with little noise, which we ask you also to respect. This residential area is located right next to the beach so you will just need to walk a couple of hundred metres to lay down at the white sandy beach and get swept away by the sound of the ocean waves.

On the ground floor, you have the spacious open kitchen-dining area, which serves perfectly as the villa's hub for both cooking and playing. Just outside the kitchen is a large dining terrace with a BBQ where you can host your barbecue parties and eat your meals in Alfresco style. Next to the kitchen is a spacious indoor dining room with a specially built dining table for 16 persons. The dining room is connected to the large living room in an open space concept where you will find the TV area and an amazing view of the terrace and the sea.

Around the nice patio on the ground floor you will find 4 bedrooms and 3 bathrooms where two of the bedrooms have en-suite bathrooms, and the other two bedrooms have a large bathroom to share. When you take the beautiful black marble stairway to the first floor you will find two stunning master bedrooms. The Master bedroom is equipped with a large private walk-in closet and a stunning en-suite bathroom. The second master bedroom also includes a walk-in closet, an en-suite bathroom, and the same fabulous view and entrance to the upper floor terrace. While waking up, you will feel like you are dreaming when you see the astonishing views. The terrace is in front of these two bedrooms and has the best views that often even stretches to the coast of Africa. The first-floor terrace is the spot where you dream about a relaxing moment with a glass of champagne, your favorite book, or just a sunbed to unwind at.

Downstairs you will find another two bedrooms with en-suite bathrooms, both with direct access to the terrace which is perfect for grown-up children or people that do not want to disturb the rest of the company too much. Also downstairs you will find the gym, with machines that help you stay in shape during your vacation as well as the large TV- and bar room, that is equipped with a large SMART-TV, Playstations 4, music and a bar to serve and enjoy some great drinks, wines, and beers from. The villa is an ideal setting for families, couples, and friends. The swimming pool can be heated for an extra fee of €500/week.
