### DESCRIPTION

Equipped with cutting-edge technology appliances and safety devices, the property's tech highlight is the huge wall panel of the home cinema located in the spacious living room with speakers throughout promising a genuine sound surrounding experience.

Six consistently designed and furnished double bedrooms with soundproof walls welcome the property's guests for hours of deep sleep and endless cocooning. The master bedroom of the ground floor opens to the pool terrace and features a private, double sink shower bathroom and stunning sea views.

On the first floor four bedrooms are meticulously placed to all four sides; queen sized or twin beds, private bathrooms and access to the terrace with sunbeds, the hammock room and stairs leading either to the rooftop or the pool level. A sixth brand new bedroom with independent access is also situated in the ground level.

Outside the well-designed plot includes a refreshing infinity pool with water fountain built in the stone wall surrounding it, a sun lounging area with beds and a comfortable sitting area right under the wooden pergola. A minimally furnished dining spot is located right next to the sitting area, at the edge of the pergola with stunning sea views.

For moments of utter relaxation and seclusion, there is the outdoor hammock room nestled within stone walls and wooden pergola shade with access to the rooftop and its magnificent 360° views.
