DESCRIPTION

Villa Drone is a modern architectural gem designed for guests seeking elegance, comfort, and cutting-edge amenities. Equipped with state-of-the-art appliances and advanced safety features, the villa's technological highlight is its impressive home cinema - a massive wall panel in the spacious living room, complete with integrated surround sound speakers that deliver an immersive entertainment experience.

The villa offers six beautifully appointed double bedrooms, each with soundproof walls to ensure privacy and deep relaxation. On the ground level, the master suite opens directly onto the pool terrace, featuring a luxurious double-sink bathroom and sweeping sea views. A newly built sixth bedroom, with its own independent entrance, is also located on this level, offering a tranquil private retreat with an adjoining relaxation hammam.

Upstairs, four bedrooms are thoughtfully positioned on all sides of the villa, each with a private bathroom and access to a shared terrace. This terrace features sunbeds, a unique hammock lounge shaded by a wooden pergola, and stairs leading both to the rooftop and the pool area below.

Outdoors, Villa Drone unfolds into a serene sanctuary of leisure and luxury. The infinity pool, built into a natural stone wall with a gentle water fountain, is surrounded by sun loungers and a shaded sitting area beneath a wooden pergola. A minimalist dining space sits beside it, perfectly placed to capture panoramic sea views. For those seeking extra peace and seclusion, the villa's open-air hammock room and rooftop terrace offer a sublime escape with breathtaking 360° views across the Aegean.

Every detail of the property has been designed for ultimate comfort - from its fully air-conditioned interiors and Wi-Fi access to the surround-sound entertainment system, wine cellar, and satellite TV. The infinity pool can also be heated upon request.

Ideally located just a short drive from Mykonos Town, Villa Drone combines sophistication with island serenity.
