### DESCRIPTION

It boasts unique aesthetics and it has been meticulously curated to have a one-of-a-kind look and authentic feel. The interior and exterior design enhances the feeling of maximum comfort by incorporating natural and agricultural elements and providing all the necessary amenities for a pleasant and stress-free stay.

The villa is currently a six-bedroom retreat, with the addition of a brand-new 70 sqm detached studio gazebo. The studio includes a spacious bedroom, an en suite bathroom, a private coffee bar, an indoor heated marble jacuzzi, and a veranda with beautiful views over the pool and inside vineyards. It is located on the left side of the property, ensuring complete privacy and unobstructed views from all existing bedrooms.

Enjoy a journey back to nature where you can get a true glimpse of the Mediterranean living and discover what the island life is all about. Together with Manos, our gardener, you may harvest delicious leafy salads, collect your own tomatoes, cucumbers, fresh onions for your lunch, herbs such as dill, mint, rosemary, and many more. Use the fresh olive oil from our trees, taste home-made jams and learn what each season delivers to our table.

A private pool with a breath-taking view is available, and guests are also close to one of the best sandy beaches on the island (5 minutes away). In addition, there is a well-equipped in-house private gym and a yoga and meditation area on the terrace with heated jacuzzi. The heating and cooling systems in the farmhouse can be adjusted independently, making it a pleasant retreat no matter the season.
