DESCRIPTION

The combination of simple vernacular geometries, the brilliance of the Aegean light and the idyllic natural of this isolated setting next to the sea make for the perfect luxury summer house.

The house consists of 500 sqm of living areas, divided into stepped ground and upper floor levels. On the 420 square meters ground floor, four guest bedrooms and expansive living spaces are arranged in parallel to the 350 square meters pool deck, featuring a 100 square meters, granite clad pool. The principal private quarters on the 80sqm upper floor rise citadel-like from the quiet drama of this massing, commanding sightlines that extend over Voutakos beach to the scenically layered coastal horizon.
