Foundas is an exclusive use property designed for a sophisticated Santorini vacation for up to 16 guests. The villa has the perfect terrace areas for unforgettable events such as weddings and parties

A haven of elegance and luxury, Villa Foundas creates a sense of absolute magnificence in all respects. Divided into three levels, it boasts eight total bedrooms, two fully equipped kitchen areas and en-suite bathrooms. The villa is furnished with luxurious pieces in earthy colors, that carry a vintage character combined with minimal lines. The wooden decoration details compose a peaceful and homely atmosphere that's complemented with the idyllic interior lighting. On the upper level, spectacular sea views will be at your disposal from the private terrace, while on the main level, you will spend lounging and dining times on relaxing mode. Apart from the dazzling private pool, the lower level is distinguished for its fully equipped gym too, where you will be able to continue your workout schedule during your stay.

Villa Foundas blends the modern aesthetics of the Cycladic style with the timeless elements of stone and wood, creating a heavenly rustic landscape. Cobbled paths with olive trees will lead you to the whitewashed villa that's harmonised with the unanimous Santorini's vibes. As you make your first step from the wooden doors that resemble a castle's entrance, you will realize that you're in a private paradise. The dreamy pool area comes with elegant sunbeds and a cozy shady sitting area with a panoramic view of the serene Aegean Sea, which you can also enjoy from the lounge and dining outdoor spaces. Moreover, by stepping outside the villa during sunrise you will admire the splendid colors in the sky that will make you feel an unsurpassed euphoria.

Located on the north side of the island, this stunning villa is situated in Imerovigli, a picturesque village of Santorini. It is 8 kilometers away from the airport and 11 km far from the Athinios Port. The equally magical towns of Oia and Fira are 8.5 kilometers and 3 kilometers away respectively.

Imerovigli is the "balcony" of Santorini since it lies at the highest point of Caldera cliffs, which comprises its captivating view along with the volcano. The beautiful churches and cobbled streets constitute the representative island vision, while Skaros, an ornament reflecting its long history, adds to the village's character. Imerovigli has been recognized as one of the most mesmerizing places on the island and it's at the top options for couples looking to spend romantic evenings watching the sunset.
