### DESCRIPTION

Villa Gazanias was built in the Baroque period and has been placed under the protection of the Institute for the Protection of Cultural Monuments of the Republic of Croatia due to its historical value.

#### The villa consists of: Baroque House

The main entrance with staircase and the water tank are located on the ground floor. The living room with a balcony, two double rooms with a bathroom, hallway, toilet and kitchen with dining room are located on the elevated first floor.

The large garden is enclosed by a stone wall that is over two meters high, featuring mostly Mediterranean vegetation. There is also a dining table for 10 people as well as garden furniture with deck chairs by the pool. There is a hallway and three double rooms on the first floor, each with its own bathroom.

#### Medieval (Gothic) House

It is connected to the Baroque palace on the ground floor. The first floor houses an indoor pool with walls that can be opened, thus transforming it into an outdoor pool connected to the garden.

The lowest floor houses wellness facilities: sauna, whirlpool, relaxation room, massage room, shower, WC and a small trim. Connected to this property is a wine cellar with a selection of first-class Croatian and foreign wines.

If you're looking for adventure, consider taking a boat trip to the Pakleni Islands near Hvar, or take a walk to the southern cliffs for lunch at a local winery.
