### DESCRIPTION

The complex consists of the main tower like building, with a separate stone cottage to the left. The main tower has four luxury en-suite bedrooms located on the ground and first floor with The Cottage.

Two swimming pools offer the option of swimming laps or continuous swimming. Both the lap pool and the endless pool are infinity pools and are heated. The lap pool, found at ground floor level, can be accessed directly from the two ground floor bedrooms or via steps from The Cottage or the endless pool past the statue water feature.

The endless pool, with a shaded terrace next to it, is at the first floor level with the outside kitchen and dining area to its side. The large terrace with a shaded fully equipped outside kitchen and dining area makes a perfect place for outside dining. A second area is next to this but has no shade. Ramps from the first and second floor give easy access to the pool and terrace.

The three levels are all connected with a green central communication core to accentuate the tower feeling from the interior.

The top floor is where you will find the living area and fully equipped kitchen, with a large covered and hanging balcony with spectacular views of the whole of the Bay.

The four large bedrooms in the Keep have comfortable king size beds, two of which can be separated to make single beds. Walk-in showers and double sinks give personal space to each guest. Open wardrobes provide plenty of hanging and shelf spaces, with a few drawers providing plenty of room for all your clothes and personal items. Large wood shelves can be used as writing space or simply a space to put your books on. All the windows, internal and external, have blinds for privacy and to shut out light. The two ground floor bedrooms have walk out access the lap pool and the two first floor bedrooms have a walk-way access to the endless pool and leisure area.

#### Ground floor bedrooms

These two bedrooms are accessed by a ramp leading from the parking area. There is a metal staircase leading to the outdoor living space and endless pool.

Wi-fi internet is available throughout the entire property.
