DESCRIPTION

The vast living room appears to be one with the terrace, offering an impression of living inside and outside that further enlarges the space, and overlooking an unspoiled landscape. The swimming pool and its pool house are located in a *restanque* – a dry stone wall typical of Provence – below the villa. The bedrooms, including three master suites, are divided on either side of the living rooms, lounge, kitchen, dining room and patio. An ideal arrangement for sharing vacations with family or friends while ensuring everyone's privacy.
