DESCRIPTION

Villa Hummingbird is the perfect place to host friends and family alike, with a spacious garden that features a terraced pool, shaded outdoor sofa areas, and a large dining table with space for the whole party. There's also a hammock, sunbeds and a swinging seat, meaning there's plenty of space for everyone to chill!

The inside of the villa is spacious, modern and inviting. Done up in creams, beiges and whites, it feels large but cosy. A large indoor dining table has space for the whole party, and the dinind area leads seamlessly into the living room, both with homely wooden floorboards and large shuttered windows. The sitting room area is fitted out with a plasma screen television, long sofa and two comfortable armchairs.

At one end of the room, framing the doorway, is a bookshelf complete with novels for your use whilst you stay. There is another television room with a huge sofa and second flat screen, so there never need to be any fights about what's on! Plants are spattered here and there inside the house to create a feeling of calm serenity. The kitchen area is done up with the most modern of appliances, including a mint green Smeg fridge and traditional Portuguese tiling on the floor. There is also a small round table here.

The bedrooms are done up in the same style as the living areas; with comfort and cosiness in mind, but a luxurious modern feel created by the white, light colour schemes. There are two single rooms and three doubles, making this the perfect place for a family retreat. The beds are large and plush with white coverings and stark wooden floorboards. A wooden spiral staircase leads to the upstairs. The bathrooms are pristine and of-the-moment, with white and blue tiling and modern appliances.
