Luxury Villa Living

DESCRIPTION

An exquisite luxury villa built in the form of independent rooms for total privacy in each of them, where the minimalist architecture of its spaces integrates perfectly with the surrounding volcanic landscape.

Located on a single access street, it guarantees privacy and avoids annoying traffic noise. At the same time, it is perfectly connected by highway with the most important leisure centers of Costa Adeje.

The exterior spaces look for an authentic and very relaxing experience. A heated infinity pool away from outside eyes next to a well-kept garden with native plants will serve as a framework for your most restful moments. The villa has an outdoor dining room and a large capacity barbecue.

The common areas are spacious, bright and comfortable, from the spacious living room to the huge kitchen equipped to the last detail that will allow you gastronomic days to treat yourself to all your favorite foods.

A spa with sauna and swimming pool and a private cinema will provide you with exceptional moments of leisure.

The villa is completed with spacious bedrooms with their own bathroom en suite and terrace where rest is assured. Afterwards, there is no better way to start the day than with a restorative breakfast overlooking the Atlantic Ocean and the whole day ahead in what is probably the best rental villa on the island.
