DESCRIPTION

The property consists of the main villa, originally a centuries-old stone farmhouse featuring spacious living areas, and three guest houses where all the bedrooms are located. Each guest house also features a kitchen area. Both the main villa as well as the guest houses have been carefully restored by local craftsmen combining modern luxury with the rustic charm of the Tuscan farmhouse. The outdoor dining area together with the two lounge areas located in different parts of the garden are so appreciated for their comfort and elegance. An infinity pool with white cabanas extends into the bucolic horizon.

Walking through the romantic manicured garden is an enchanting experience that leads you to different corners, which go from an Italian style garden with a chess game to a romantic gazebo decorated by many little flowers, which shine at the golden color of the sunset.

The outdoor facilities of this luxury vacation villa are designed to be kids friendly, offering for example an Indian cabana and a playground area. For each member of the family, there is the bonfire, the beach volley playground, bocce court, chess, and tennis court. All surrounded by enchanting hills which are covered by olive groves and vast vineyards, just a perfect setting for an unforgettable Tuscan vacation.
