### DESCRIPTION

At the first floor we find 6 rooms in total. All rooms are en-suite and they have keys and safety boxes as well as Air Condition, TV and Dolby Surround Systems. Four rooms among the above, include a king size bed each, so they are all double and have Sea View. One room among these rooms has an independent entrance. The fifth room in this first floor is a double en-suite room without view. On the first floor there is also one single room with independent entrance.

At the second floor (pool level) you will find an infinitive pool of 80 square meters with either sweet either salted water from the sea, a fully equipped kitchen, an internal living room with a salon, an International TV and a dining table for sixteen persons, the BBQ area and the outdoor area with a wooden Bar, a deck with sun lounges , sunbeds and hammocks and a dining area for 20 persons. In the same level, we find the master bedroom, en-suite, with a private deck-veranda of approximately 60 square meters at the front where the guests can enjoy completely independent their yoga lessons in front of the big blue or they could relax and enjoy the amazing sunset just in front of them.

At the third floor we find the king size master suite, the very best suite of the villa. This king size suite has an infinitive view of the Aegean Sea from each corner, a dreaming suite where someone can relax, sleep, exercise with privacy as in this third floor no one else has access. In this area we find a private veranda with sunbeds and a private wooden deck with outdoor sofas where someone could exercise totally isolated just in front of the sunset or the sunrise and of course enjoy his cocktails in front of the amazing view.

Please notice that Villa Morimos is totally covered from the wind-which is extremely important for an island like Mykonos and it offers you an amazing view not only during the day, but during the night as well, as you can relax just in front of the city lights in a totally romantic and peaceful atmosphere.
