The villa features four double bedrooms, each with a plush four-poster bed. Antique furniture and fresh tropical flowers add character and charm to the interiors.

Outside, the expansive gardens stretch across several levels. Two swimming pools provide different settings for relaxation. One infinity pool overlooks the cinnamon estate, while a second pool sits beside the dining area.

A Unique Setting at this Luxury Villa in Sri Lanka

Villa Mount Cinnamon enjoys a truly distinctive setting above a working cinnamon plantation. From the property, guests can admire a 360-degree panorama across the surrounding landscape and Weligama Bay.

The hilltop position also creates a wonderful sense of space and privacy. Meanwhile, the scent of the cinnamon trees adds an unforgettable sensory element to the experience.

As the day comes to an end, the villa provides a spectacular viewpoint for watching colourful sunsets across Weligama Bay.

Two Private Swimming Pools

One of the highlights of this luxury villa in Sri Lanka is its choice of two swimming pools.

The infinity pool sits on a separate level of the garden and overlooks the cinnamon plantation. Its secluded position creates a peaceful and romantic setting for couples and guests seeking privacy.

The second pool sits close to the main villa and dining area. This makes it particularly convenient for families, as parents can relax nearby while children enjoy the water.

Both pools offer a wonderful way to make the most of Sri Lanka's warm tropical climate.

Three Living Areas with Panoramic Views

Villa Mount Cinnamon has three distinct living areas, each offering a different way to enjoy the spectacular surroundings.

The veranda provides an open-air setting where guests can look out across the ocean and Weligama Bay. It is also an ideal place to enjoy a morning coffee or sunset drink.

Inside, an informal sitting area sits beside the dining room. This creates a relaxed space for pre-dinner drinks and conversations.

The comfortable drawing room features rattan divans and views towards the cinnamon trees. Together, these spaces give guests plenty of room to gather while still enjoying different perspectives of the estate.

Lush Gardens and Cinnamon Plantation

The expansive garden follows the natural contours of the hillside. Several levels create different spaces to discover throughout the estate.

The surrounding cinnamon trees provide a lush green backdrop. In addition, the gardens offer beautiful views across the plantation and towards Weligama Bay.

The combination of tropical greenery, ocean views and the scent of cinnamon makes the setting especially memorable.
