6 Bedrooms Sleeps 14 Located in Vale do Lobo, Algarve

#### DESCRIPTION

Designed by renowned architect Vasco Vieira and centrally located in Vale do Lobo within walking distance of the beach, golf course, tennis, restaurants, and supermarket, this stunning contemporary villa's unique architecture, high-end finishing, and designer furniture will set it apart.

The generously sized ground floor living areas include an open plan kitchen with a 5-meter island, stunning double-height dining area, and 60m2 lounge with a flat-screen TV, seethrough double aspect fireplace, and double-height feature slate wall with a glass feature ceiling.

Retractable sliding windows disappear into a slate wall, seamlessly joining the inside living areas with the terraces, garden, and pool, which offer plenty of scope to lounge, dine and cook al-fresco.

A high spec BBQ, burner, and all-important drinks fridge is found in the well-equipped, covered outdoor kitchen.

Climb the suspended stairs to the first floor to find the spacious master suite with a super king-size bed, bathroom, dressing room, balcony terrace, and lovely views over the golf course and green. Three further en-suite bedrooms on this floor provide king-size beds and balconies overlooking the garden and golf.

The ground floor offers two en-suite bedrooms with king-size beds, walk-in wardrobes, and private terraces overlooking their own garden area.

The garden's lush landscaping nods to the tropical for a relaxing vibe and the heated 15-meter pool with electric safety cover, toddler area and shallow sun lounging section is perfect for paddlers, swimmers, and sunseekers alike. The poolside sundeck and sunken area provide plenty of seating to enjoy lazy afternoons and long summer evenings with family and friends.

From the 180m2 roof terrace experience 360-degree views of golf, hills, and distant sea and catch a beautiful Algarvian sunset perhaps with a drink from the 5-meter long dining and roof bar. Serious sunbathers will enjoy the roof sundeck and cool down in the large shaded roof seating zone.

There are plenty of extras in the villa including a state-of-the-art 4k and Atmos home cinema with a 3-meter widescreen, an entertainment zone including a pool table, luxury bar, lounge area, and Technogym equipped gym with a flat-screen TV. A smart sound system covers the garden, terraces and has speakers in every room throughout.

The two-person home office provides a quiet haven if a little working from home is required. High-quality towels, linens, toiletries, and bathrobes will be part of this unique experience.

Note: All doubles apart from the master can be changed to twin rooms. Wi-fi in all rooms, including the office, are hard-wired for the internet.
