DESCRIPTION

The Villa is made up of three self-contained luxury villas, each with their own driveway and private grounds. It's a short drive from the cosmopolitan town of Porto-Heli, and within easy reach of the picturesque towns of Nafplio, Epidavros, Ermioni and Koilada. It's a perfect location from which to explore beautiful archeological sites, serene monasteries and the nearby islands of Spetses and Hydra.

We aim to complement the existing natural scenery with comfortable facilities that are in harmony with the environment and the peaceful location. The villas' architecture is based on the traditional style particular to the area, using materials that blend in beautifully with the surrounding environment.

The interiors are furnished with hand-made traditional pieces and the minimalist approach allows guests to relax and take in the unique views of the Aegean, nearby islands and neighboring forest. Ample and spacious living areas with large dining surfaces and comfortable leather sofas make ideal environments for feasting and enjoying quiet moments alike.
