The estate covers 2,000 square metres of lush tropical gardens. It features six king-bed suites across two separate buildings. The Main Villa offers four bedrooms, while a two-bedroom Cottage provides additional privacy.

Premium natural finishes and designer furnishings create an elegant yet relaxed atmosphere throughout. Smart-home features also provide modern comfort during your stay.

Elegant Design at this Luxury Villa in Phuket Thailand

The two-building layout also provides excellent flexibility. Families can enjoy shared spaces while still having private areas to retreat to.

Furthermore, smart-home technology adds effortless convenience. This allows guests to enjoy the villa's beautiful surroundings without compromising on modern comforts.

Six King-Bed Suites with Private Bathrooms

The estate offers six spacious suites, all with king-size beds and en-suite bathrooms. The bedrooms are divided between the four-bedroom Main Villa and the two-bedroom Cottage.

The impressive 20 x 6 metre private pool is the centrepiece of the outdoor space. Its generous proportions make it ideal for swimming and relaxing throughout the day.

Around the pool, a spacious deck provides plenty of room to unwind. A traditional Thai sala offers welcome shade, while the poolside bar creates a sociable space for drinks and informal gatherings.

The estate is surrounded by mature tropical gardens. As a result, guests can enjoy a strong sense of privacy while taking in the lush Phuket landscape.

Thai Sala and Sunset Aperitifs

The shaded Thai sala provides a beautiful setting for relaxed afternoons. Spend time by the pool, enjoy a drink at the bar or gather with friends as the sun begins to set.

The outdoor areas are designed for easy entertaining. Therefore, guests can make the most of Phuket's warm tropical climate throughout their stay.

Katamanda Estate Facilities
