DESCRIPTION

Villa Saka has 3 levels and a basement, all connected with an elevator. The luxury villa has a big exterior garden with a swimming pool, a cosy terrace and an exterior dining room. On the ground floor, the main entrance and large hall opens to a spacious living room with fireplace, dining room and independent top designer kitchen. The living room has also a cinema that is normally hidden in the ceiling and can be set up when desired through a modern and easy automatic system. The living area integrates seamlessly with the outside through full height sliding windows. The high ceilings and the south facing orientation ensures light to access during the whole day. Two more en-suite double bedrooms can be found in the first floor with en-suite bathrooms and direct access to a private orchard.

The basement area consists of a gym, a storage room and a laundry room. On the rooftop level, there is a plunge pool, chill out area, outdoor fireplace and private bar, with fantastic views to the Sierra Blanca Mountains and to the swimming pool and garden.
