DESCRIPTION

Consisting of a two-story main house and four independent guest houses, set in stone and Cycladic white, the villa allows the guests relative privacy while in company, while the vast common areas bring everyone together for a dip in the pool, fun and games, a BBQ, cocktails, or dinner under the stars.

The generous exterior spaces offer soothing unobstructed vistas of pure Aegean blue, while a lovely infinity pool blends into the horizon. There are multiple shaded lounge and sitting areas, as well as a 5 seat Jacuzzi, lavish sunbeds, and an outdoor bar, perfect for entertaining.

The light-filled interiors are a striking representation of minimalist chic and indulging comfort. The architectural and designing concept captures the natural elements of the island creating a feel of modern luxury fused with a refined Cycladic character. The prevalent white colour is set against painted timber ceilings and cool grey floors, while the relaxing bedrooms carry a variety of popsicle colours: light pistachio, smoky rose, soft violet... Eclectic modern furniture, high-end materials and state of the art technology and equipment come together in an ambience that is calm, aesthetically pleasing and utterly inviting. The gorgeous kitchen, the gym room and the exceptional bathrooms with the carved stone sinks show the level of care put into the design of this amazing residence.

With all the modern amenities and daily housekeeping, this exceptional villa allows its guests to truly unwind while sharing memorable moments under the Greek sun.
