### DESCRIPTION

With three villas, Sangsuri Villa 1/2/3, there are 21 bedrooms and 4 dormitories that can accommodate numerous guests including children. There is no shortage of amenities at Sangsuri Estate as you will find everything from infinity pools, Jacuzzis, to yoga studios, AV rooms, and tropical gardens with a landscape that includes views of the ocean.

Sangsuri Villa 1 is the largest of the three villas and has eight bedrooms and two dormitories that can accommodate children. Each bedroom, including the master bedroom, offers an exciting view of the ocean. The bedrooms are furnished with king beds and have en-suite bathrooms. Sangsuri Villa 2 has seven bedrooms + dormitory and Sangsuri Villa 3 has six bedrooms + dormitory.

All the bedrooms are lavishly furnished and some even lead to the sunroof and private terraces. Most bedrooms lead outdoors to the swimming pools as well, so guests can always move around the villas with ease. There are en-suite bathrooms for each bedroom including the dormitories.

With an invigorating landscape that features lotus ponds, water features, tropical gardens with swaying palm trees, and the ocean glistening under the tropical sun, Sangsuri Villas offer a truly remarkable place for guests to rejuvenate and refresh themselves. There are four swimming pools in all the villas combined thus, you get to savour the view from the infinity pools as much as you wish. You will also find that they have Jacuzzis outdoors along with gardens that have projector screens for an outdoor cinema! All three villas have a 'beach level' that leads directly to the sandy shores of the beach out front, where you can take out the kayaks and paddleboards for a fun experience!

Sangsuri Villa Estate prides itself in offering the best of everything to guests and that too in abundance. There are over four living areas in the three villas altogether, so you can rest easy, and lounge on the comfortable sofas. The décor is quite contemporary with clean, minimal décor featuring white interiors. There are beanbags and such overlooking the pool and the ocean. The living area in the first two villas is both indoors and outdoors, whereas Sangsuri Villa 3 has an open-concept living area.

Similarly, there are alfresco and indoor dining available to guests, so they can enjoy dining under the stars or inside the cool ambience of the living spaces. Additional space can be converted into a breakfast corner or cocktail bar. The kitchens are exceptional in that they are fully-equipped, resort-style kitchens with all the amenities and appliances that you could need. There are yoga studios and AV rooms, massage salons, and other services available to guests of the villa.

Apart from the individual services provided by the villa staff to the guests, Sangsuri Villas Estate also offers guests access to a multi-purpose gym that can be used by all the guests, kayaks and paddleboards to use on the beach, as well as many excellent services. There are in-villa chefs to prepare delicious meals and whip up a BBQ delight too.
