DESCRIPTION

With six bedrooms, Villa Saujana is excellent for a family get-together as both grown-ups and children can find something to do. While a few bedrooms are located upstairs, two bedrooms are found poolside. Each bedroom is exclusive and designed with windows and balconies that reveal mesmerising panoramas of the coast.

Simple and sophisticated, the luxurious bedrooms are furnished with king-sized beds that may be separated as twin beds upon request. Quality linen with a high thread count guarantees a good night's rest. Fitted with AC and flat-screen TVs, the bedrooms are equipped to serve your every need. Ensuite bathrooms accompany each bedroom with double vanities, indoor and outdoor showers as well as bathtubs in some bathrooms.

The 20-metre, infinity swimming pool stands majestically facing the azure waters of the Indian ocean out front as the gardens are teeming with lush, tropical flora. The serenity and tranquillity of this region will take your breath away. To make sure you have the best indoor/outdoor experience, the villa is equipped with two garden balés fitted with daybeds with nothing but the ocean in your line of vision.

Sunbathe on the pool chairs found on the natural stone pool deck that sit directly across from the ocean view. The gardens are abundant and thriving with blooming flowers and heady fragrances. Two Jacuzzis for the perfect hydrotherapy are also found outdoors.

A formal living and dining area is located across from the swimming pool separated with lavish glass doors for unbeatable views. You have clear sight of the tropical garden from the living area that is a lesson in relaxed luxury. Designed tastefully with crystal chandeliers, high-vaulted alang-alang ceiling and antique wooden doors, the living area is a true Balinese interpretation of modern living. The plush sofas with bright pink lining, soft rugs gracing the floor and another lounge right across from the main sitting make this spacious communal area ideal for spending time with loved ones.

There is a second living area and dining space upstairs with a western bar that is adjoined to a terrace offering sweeping views across the ocean and lush flora. There are two dining tables in this space with ample seating for guests and the tables are set up beautifully to make for cherished memories over delicious feasts. Grab your drinks at the bar which has a house selection of wine and several other options to choose from. Relax on the balcony as the sun sets over the island and the sky is awash in beautiful hues.

For a complete experience, the villa also offers an array of luxurious services and amenities to make your stay even more memorable. The staff includes a villa manager to oversee the smooth functioning of the villa's day to day activities. There is day-butler, chef and housekeeper for maintenance. A delicious and energising breakfast is included in your stay and you can request the chef to prepare lunch or dinner as well upon request.
