## Luxury Villa Living

### DESCRIPTION

The master suite in the main house has two king size beds, a living area, a luxurious en suite bathroom, Dolby surround sound and a walk-in closet. The second bedroom offers two circular king size beds, a sitting area, an en suite bathroom and Dolby surround sound. The third bedroom has a king size bed, a film projector with Dolby surround, an en suite bathroom and a walk-in closet. Everything in the bedrooms is of the highest standard, from the bedding to the large, Bang & Olufsen, flat screen TV in each room. The two bedrooms in the cottage are connecting; one has two king size beds and an en suite bathroom and the other has a king size bed and its own en suite bathroom.

The living room is enormous and features marvellous works of art on the walls and yet manages to be warm and welcoming at the same time. The state-of-the-art kitchen has everything you might need for recreating some authentic local dishes and a handy island in the centre for either lounging around or preparing meals. The formal dining room seats 14 people and there is also a cozy breakfast area near the kitchen.

Much of your time here will probably be spent in the luxurious wellness centre. You'll find a heated swimming pool, a well-equipped gym, three sensory showers, a massage table and a Turkish bath. Surely there's no better way to pamper yourself than in the comfort of your own home! When you aren't relaxing in the wellness centre, take a wander around the immaculate gardens, have a dip in one of the two swimming pools or just lie back and take in the sea views from one of the sun loungers. The grounds are completely private.
