Villa Skate

There's nothing loud about this construct, from the quiet, stone exterior to its hushed, minimalist interiors with clean lines and dark pastel tones. Stone, glass and wood add texture everywhere with selected pop art paintings decorating the walls.

DESCRIPTION

The young owner has opted to grant the master suite complete independence, while he has placed the guest rooms on a lower level with independent terrace. The elegant decor throughout the villa is the dominant element. Built predominantly of stone and glass, it captures the essence of the island's nature.

The outdoor deck however, invites for amazing get-togethers, creating a fluid relationship between the interior and exterior living areas and the surrounding seascape. A special feature of this villa is a sophisticated in-house entertainment system which makes sure that each room plays its music and movies of choice.

Villa Skate can host 12 – 14 guests and it is available for the whole year! Additional independent brand new double bedroom suite may accommodate 2 additional guests and it is available on request (at extra charge).
