DESCRIPTION

The luxury villa available for vacation rentals has been renovated to the highest level, merging its Mediterranean Andalusian essence with a Contemporary Italian style. This property offers a smart distribution in different modules, perfect for combining family life, guests and staff living in the same property. The house enjoys panoramic views of the sea, Gibraltar, Africa and the mountains. It enjoys a private path that gives access to the main patio of the property in the most Andalusian style. Upon entering the property, the first thing you face is the sea view integrated practically into the living room, the entrance hall with high ceilings and an impressive staircase that leads to the upper floor. Next to the entrance, you will find a toilet for the comfort of your visitors and 3 bedrooms, two of which share a cozy TV room, perfect for relaxing and entertaining. There is also a separate office integrated into the main living room, a lounge and a separate dining room, both elegantly designed. The well-appointed independent kitchen and dining room provide a perfect space for culinary creations and casual dining experiences away from the peace & cleanliness of the living room.

From the kitchen, a staircase leads to the lower level of the garden, with an indoor swimming pool, fully equipped gym, sauna, shower, bathroom, en-suite bedroom and wine cellar. The meticulously landscaped garden features water features that add the Mediterranean flair of Italian Tuscany.

Going up to the top floor, you will discover two bedrooms, including the luxurious master bedroom, with a spacious dressing room and a beautiful en-suite bathroom, covered terrace and panoramic sea views.

In addition to the main house, this property offers a separate guest house with two bedrooms and four parking spaces.
