### DESCRIPTION

Villa Tabiki comes with 9 rooms for 18 guests.

Four are dedicated bedrooms with large double beds and ocean views. Three rooms directly by a swimming pool have windows overlooking the garden. For guests seeking a little more privacy, we have two bungalows. Each room comes with its own bathroom (shower) and towels, air conditioning and a fan.

For your safety and convenience a housemaid and a gardener are in the house during the day. In the evening a security guard takes their place.

A large common living room and a kitchen are the perfect place for preparing meals or entertaining whilst enjoying dishes served by a private cook. Our guests can also use a gas barbeque, excellent for any occasion.

Meals can be served on a large dining table, with sufficient seating for all your guests. It stands outside, by a pool – dishes served in such a scenery will taste even better. And because it is sheltered, your guests will be able to dine comfortably.

After a meal, invite your guests to relax by the pool or in cabanas – there is something here for everyone!

Our guests have two swimming pools at their disposal. One is shallow, ideal for children, the other is deep, suitable for competent swimmers.

There is also a special place in the villa garden – a shaded cabana with two professional massage beds.

Villa Tabiki is right by the Coson beach, on the beautiful and picturesque Samaná peninsula in northern Dominican Republic. The villa stands amongst pristine nature and unspoilt beaches. On the other hand it is only a mere 5 minute drive from the town of Las Terrenas. There are numerous shops and bars awaiting tourists in the town centre and along the beachfront. Here visitors will be able to sample the real Dominican culture – music, dancing and delicious food.

Samaná, Dominican Republic's most beautiful region, is a wonderful place, full of wonders. El Limón waterfalls, Los Haitises National Park or the charming Las Galeras beaches are just some of them.
