DESCRIPTION

This villa is a true eye-catcher with its six colorful and individually designed bedrooms and that face a large swimming pool and tropical lush garden. This property is spread over a total of 700 square meters and is the perfect retreat for families and small groups of friends. For larger groups, Villa Tangram can be rented along with Villa Abakoi that is located next door.

It is hard to tell what to like best about Villa Tangram, as you will find a stylish environment with love to detail all over the villa grounds. There are a total of six rooms that sleep up to 14 guests. Each bedroom is individually designed and follows a unique color concept. The master bedroom has a chic contemporary design with anthracite, white and wooden elements. This beautiful bedroom is fitted with a king-sized bed, a mosquito net, an air conditioner & ceiling fan, a flat-screen TV, daybed and desk. Just as stunningly beautiful is the adjacent spacious bathroom that features a shower area and open bathtub area for watching the starry night sky while having a bath at night.

There are four additional guest rooms that either come with a king-sized double bed or two single beds and one family room with four single beds, following a gallery layout with bunk beds. All of these rooms are well-appointed and fitted with an air conditioner, a flat-screen TV, desk, wardrobes and modern en-suite bathrooms. The wooden elements, traditional Balinese décor elements and colorful highlights create a very warm and homely atmosphere for your utmost comfort.

A gorgeous 12-meter long private swimming pool is located in the garden, perfect to take a dip and cool down on hot tropical days. Relax on the pool deck on one of the sun loungers or make yourself comfortable at the pool bale. The bale is cushioned with a large day bed and is the perfect spot to let your mind wander and enjoy the lush scenery of the green garden and pool. The bale is also ideal space to pamper yourself with an in-house massage or to do some yoga.

The living space at Villa Tangram is open and offers superb views of the swimming pool and lush garden. The space is set under a pavilion with traditional Alang-Alang roofing (reeds roof) and is divided into a cozy couch corner with long rattan sofas and plush cushions kept in warm earthy tones. Across from the sofas a solid square wood table forms the center of the room with nine colorful modern chairs assigned. At the back of the dining table, you will find a bar counter and an adjacent kitchen, that is fully equipped with machinery and appliances.

Also, the open living space follows a design that could be featured in a décor magazine. The walls are kept in anthracite and white, with flashy green and red highlights, that are picked up in the in the surrounding furnishing, lamps and décor. Despite the modern elements and artistic design, traditional elements will remind you that you are in Bali, the island of Gods.
