DESCRIPTION

The elevated spot on which the villa is built gifts the property with uninterrupted views to the calm, heavenly cove right at its foot as well as panoramic views to the verdant slopes and the mountainous shores of the Peloponnese.

Inside the villa an unparalleled, clean ambience with minimal decors, natural stone, soft beige hues and some folklore details of natural materials make the interiors seem like a continuation of the tranquil setting that surrounds the property. Ultra-luminous rooms with elegant decoration and top-quality furnishings complete the calming aura of the villa. A sizable open plan living room with modern fireplace and large dining area welcomes guests upon entering the residence. Large floor-to-ceiling window doors open to the pool terrace and let the sweeping sea views overwhelm the house. A fully equipped kitchen is adjacent to that space. This level also features a master king-size double bedroom with en-suite shower and bathtub as well as another double en-suite with bathtub and a twin en-suite bedroom.

The lower level of the property is an independent apartment suite with a separate exterior staircase that leads to the pool terrace. This is a fully functional home for up to 4 guests as it hosts an ample living room that can be transformed into a queen size bedroom, a separate en-suite bedroom with king size bed and a kitchenette.

The exteriors of the villa are as minimal yet impressive as its interiors. A flat, vast terrace with an infinity swimming pool overlooks the nearby cove and the lushly vegetated surrounding hills. A shallow lake-like decorative pool is found on one side and a large dining table in a pergola shaded area on the other. Various lounging and sitting spots are available for endless cocooning while gazing at the mesmerizing Argolic Gulf.
