DESCRIPTION

One of the key features of the villa is the sheer size and generosity of the main living areas. In this respect it resembles more a boutique luxury hotel rather than a private villa. The lounge and dining area is a vast double height room that contains several elegant seating areas, a piano, parquet flooring and numerous floor to ceiling French windows that open onto the tropical gardens. It is a sophisticated living area, combining classical undertones with contemporary touches. Likewise, the master bedroom suite is vast in scope comprising several lounge areas plus the king sized bed. This suite also comes complete with a large bathroom and sumptuous jacuzzi bath feature; and private terrace for relaxing and taking in the sea views.

All of the bedroom suites are elegantly furnished and generous in size. The modern state of the art kitchen has all the necessary requirements for cooking for those who are not tempted by the many nearby restaurants. Externally, the villa has large tropical gardens with a gorgeous large swimming pool and gazebo. There are also several terrace areas for sitting and relaxing.
