DESCRIPTION

Located amidst the most luscious vegetation you would ever set eyes on, complete with lotus ponds and koi fish, the villa is a haven for those looking for a getaway in the middle of abundant nature, fresh air, and blue skies. The oceanfront property offers access to the beach and allows you to explore the neighbouring areas quite exclusively so you can make the most of it!

Of the nine-bedroom suites at Villa Upni Duniya, there is the master suite which is a luxurious affair with a plunge pool right outside and a super comfortable king-sized bed indoors with high-quality linen. The room has been designed in a traditional Thai fashion with a high-vaulted ceiling and wooden interiors. It even has a cinema room for the guests! Besides the master suite, you have four Water Garden suites which are located across the swimming pool and are furnished with king-sized beds, comfy armchairs, glass walls, writing desks, and rich artwork dripping in Thai heritage.

Two Gate suites are similarly appointed with king-sized beds and opulent décor and the last two bedrooms are furnished with comfy ottomans and double beds. Each of the bathrooms has marble flooring and lavish showers areas and/or bathtubs.

A beautiful landscape greets your eye as you take in the sights and sounds of Villa Upni Duniya with its lotus ponds, swaying palm trees, shingled-roofs and traditional Thai exteriors. With an infinity-edge swimming pool to lounge in, what more could you ask for! Enjoy the stunning view of the ocean as you take a dip in the pool's crisp waters, or relax on the semi-submerged daybeds in the pool while taking in the gorgeous panorama.

A massive tree grows right in the middle of the pool and definitely makes for a creatively executed centrepiece! There are outdoor sitting areas for guests to relax on beside the ocean in the open air. A golf course for the avid golfer or beginners spreads across miles as part of the villa so you can truly enjoy your holiday!

Beautiful interiors marked by teal coloured upholstery, high-vaulted, polished wood ceiling, exotic and striking lighting and rich décor create an enchanting space for everyone to enjoy themselves and relax. The living areas open out directly to the infinity pool and beyond that the ocean, so you can relish the views all day right from the comfy sofas and armchairs placed in the room. The hardwood floors are polished and graced with woven-fabric rugs and carpets, the lamps are carved by hand, the walls are glass, and the chandeliers fit for royalty.

Besides the alfresco dining area, where guests can dig into deliciously prepared food against an even more scrumptious backdrop, there is indoor dining as well. Rattan chairs and a lavish table set underneath a high-soaring ceiling is all you need for the most magical time. The open kitchen is fitted with modern amenities and is fully equipped to serve your needs. You will find more comfortable rooms around the villa, where you can laze on the couch, read a book, watch TV or catch up with loved ones.

Two in-house chefs will delight you with delicious Thai food, and even prepare food on request. The villa manager will take great pleasure in organizing trips and excursions for guests and help you settle in nicely. Housekeeping and maintenance are taken care of by the staff as well.
