DESCRIPTION

This stunning villa was originally designed by a highly acclaimed Australian designer and completed by a colourful Cypriot Architect.

The luxurious, modern and superbly elegant private villa has uninterrupted views of the Mediterranean and St George's Island. The villa can sleep up to 14 guests and has been completely outfitted with the most detailed luxury design.

The Villa nestles on a gentle sloping terrace, 300 metres from the Sea and is near the fishing Port of Aiyos Georgiou. The Akamas Peninsula, the National Park of Cyprus, is just 10 minutes walk away and has been described as the "unspoilt paradise and the jewel of southern Cyprus".

Villa Venus has air conditioning throughout (except in the winter room), is fully centrally heated and also has overhead fans. All shutters, doors and windows are crafted in hardwood and painted white.

The villa has the largest privately owned swimming pool on the island with an attached outdoor heated spa, both of which are filled from the property's own well.

The garden proudly boasts young olive, rosemary and lemon trees and the pool is bordered by lavender which provides rich and enticing garden scents all year round.
