### DESCRIPTION

Elegantly decorated with light beige, grey and white colour hues the property boasts an artful yet minimal interior following the typical Mykonian architecture. The top level hosts the villa's impressing master suite with queen size bed, walk-in closet, study area, private bathroom and a panoramic balcony with views to die for. Two en-suite bedrooms, one double and own single, are found on the middle level, both offering access to a charming terrace. The Jacuzzi level hosts four more double en-suite bedrooms opening to two pergola shaded lounging verandas.

At the pool level, the residence features the sophisticated sitting and lounging rooms and a fully equipped, modern kitchen, all offering direct access to the pool terrace. Outside, the enormous oval infinity pool seems to blend with the azure sea while the 8-seat Jacuzzi offers stunning views to the sacred island of Delos.

Numerous lounging and sitting areas are scattered throughout the villa's multiple levels, all sharing the same panoramic vistas, while there are also two shaded lounging areas and a pergola-covered dining and sitting area for endless moments of cocooning and fun with friends.
