## DESCRIPTION

A theme of vibrant colours and intricately designed woodwork continues throughout this beautiful villa with a private pool. There are 4 double bedrooms in the main house and a connecting guest wing, each with their own bathroom. Generous and casual living spaces with big windows lead into the kitchen. The sun-drenched private pool is paved in exotic Moroccan tiles. The beauty of this secure private villa to rent lies in its connection with nature. Golden sunsets and an air of tranquillity contribute to the truly unique and exotic feeling.

You will find that fresh fruits from the orchard trees in front of the villa and daily hand-picked vegetables from the biological garden blend graciously with the home-grown olive oil and organic handmade honey. The beautiful landscape and the healthy natural foods will help make your Mallorca villa rental stay truly unforgettable.
