DESCRIPTION

Amenities are thoughtfully first rate – assuring each and every guest of absolute convenience and enjoyment. In the midst of Canggu's famous rice terraces, Villa Zelig presents to you a synergy of tasteful and old-fashioned as well as modern and urban comfort with a mood that's truly rustic and tranquil.

The villa has five bedrooms – each in its very own pavilion. All bedrooms have king-sized beds as well as dedicated, semi-open bathrooms with natural stone bathtubs. All bedrooms also have covered terraces with sitting areas.

The centerpiece of the property's extensive garden and well-maintained lawn is the 25-meter swimming pool. Dive into its alluring, crystal clear waters for routine laps and some aimless wading. Or, push everyone in for some splashy fun and games. For a breather, you can stretch out on wide and cushioned wooden pool beds on the lawn surrounding the swimming pool.

At the airy, semi-open, high-ceilinged main pavilion is the living area. Around its large and long couches, you can all gather for engaging and lively conversation. At one end of this pavilion is a bar where cocktails and after-dinner drinks are poured out, mixed and served up. At a separate pavilion is the dining area with its long wooden table that can accommodate 10. Here, you can all have your fill of authentic local cuisine – as well as international favorites – concocted by the in-house chef at the fully-equipped, modern kitchen in a stand-alone pavilion behind the dining pavilion. In another pavilion on one side of the main pavilion is the TV room where you can catch the show you've been closely following. Or, go on a marathon of your can't-get-enough-of movies. Out on the garden is an elevated bale where you can relieve sore muscles with a traditional Balinese massage along with pampering spa treatments.

The villa is a 5 minute walk to the beach
