DESCRIPTION

The chalet has large private parking, at the first and lowest level, to accommodate more than two cars. At the upper level are the wellness and fitness areas. Two elevators are available, one for the staff and one for the guests of the chalet.

You will thus have a very large bar and discotheque area with a lounge atmosphere, intimate and upscale, conducive to friendly moments with all your family and friends. The colours, furniture and lights are oriented towards a soft and felted trend, very elegant and modern. You will find several sofas, chairs and stools to spend festive evenings, and you will have many spaces to dance.

On the same floor, a fitness room to keep in shape, a massage room for privileged moments of relaxation, and an incredible spa. The spa is composed of a superb 19-metre long pool with a large mirror ceiling that gives even more space inside and increases the brightness of the room. The golden decoration of the spa gives it a chic and glamorous atmosphere. The colours are warm and other gold touches have an effect such as gold furniture and lights. A very refined decoration that makes the interior even more elegant and bright. The spa also has several relaxation areas, including numerous sofas and chairs around the room, as well as a hammam and sauna.

On the upper level is the entrance hall with three double bedrooms en suite, two of which have access to the terrace. A beautiful cinema awaits you with the best technologies for optimal comfort. Upstairs are three en-suite bedrooms, including the superb master bedroom. This rustic and chic room creates an enveloping atmosphere conducive to relaxation. Sleek lines, a dressing room that occupies an entire part of the wall, original and architectural suspensions to make it easier to read in the evening, beautiful brown colours highlighting the shape of the furniture and the wood that covers the walls and floor... Each detail of the wood is highlighted, in particular the large mural that covers the main wall of the bed, which extends and adds a cachet to the room. You will love its magnificent bathroom in super glamorous and bright marble. All the rooms are cocoons where you can take refuge and relax after a long winter day.

Level 2 consists of a huge living room with a fireplace in the centre of the room, separating the living room from the dining room and the kitchen, and large bay windows running along the entire living room and allowing a beautiful natural light to enter. Two magnificent chandeliers fly over the two living room corners of the living room. The large soft sofas, white, grey and pink, with a very cocooning design, will be your favourite refuge where you can find yourself with all your loved ones. You will love the magnificent view of the mountains, from the sofas or in the foreground from the balcony or terrace, as if you could touch them.

The upper level offers you the last two double rooms, one of which is an en suite room with hammam, as well as a mezzanine with terrace. The top floor is composed of an even more intimate second living room.

The interior architecture of the chalet is divine and presents very beautiful volumes. The chalet offers the services of a butler, chef, waiter and private driver. L'Aurore Boréale is the perfect chalet for a dream stay with all your loved ones.
