DESCRIPTION

The Beach Shack is a funky, modern beachfront villa with one bedroom, one bathroom and an open floor plan living room and kitchen area. Bali is the source of the marvellous white coral floors, and pearl stone walls. The ceilings are covered in exotic teak wood to match the solid teak furnishings and the artwork is original and sourced from the islands of Kalimantan and Sumba to complete this classic beach house.

The bedroom features a stunning view of the turquoise waters and an en-suite bathroom. A private pool provides a place to relax and listen to music and in the evening the incredible sunset skies can be enjoyed from the day bed on the beach.

Just a few short steps from the house, experience the magical snorkelling on Smith's Reef where a variety of corals and Caribbean reef fish can be found.
