DESCRIPTION

Perfect for a family or group of up to 11, the 4500 boasts an interior volume and spaciousness typically found on larger yachts. An updated, sleek exterior design featuring expansive windows also greatly impacts the interior saloon, creating panoramic views.

The enhanced natural light from larger windows and an overhead skylight blend with modern finishes for a bright, upmarket living space and dining area complete with cushioned wraparound seating. A water maker adds to onboard enjoyment, allowing guests to shower or do the washing up without water usage concerns. Additional comforts include flat-screen TV/DVD, Bluetooth connectivity, interior indirect floor and ceiling lighting, double USB ports in cabins and saloon, hairdryer, fully appointed galley, and air-conditioning – all powered by solar panels and generator. An inverter also comes standard for powering electronic devices without the need to run the generator.

Outdoor living is equally inviting with an aft cockpit dining area and a forward covered cockpit. Both seating areas are custom-fitted with cushions for added comfort and are easily accessible from the saloon. After dark, enjoy watching marine life below the surface in the glow of elegant blue underwater lights. The raised helm station features excellent visibility and a full suite of Raymarine navigation electronics. Sail controls are led to the helm, while an electric winch and windlass add to the ease of operation. Top-performing, dual 45 horsepower Yanmar engines power this superb yacht, offering the perfect charter platform for friends and family.
