

Luxury Villa Living

Villa Wynne

This superb hillside estate lies immersed in the spectacular scenery of the Maremma. It is only 20 minutes from the sea and offers breathtaking views across the water to the islands of Giglio and Montecristo in the distance. This area of coastal Tuscany has been an elite destination for years and the rolling hills and olive groves set against the azure waters of the Mediterranean have a calming effect on both body and soul. The property stands in 80 hectares of immaculate grounds, ancient vineyards, olive groves and woodland. The private stables have beautiful horses belonging to the owner so why not try exploring the Maremma in the traditional way, on horseback? The Maremma is famous for its buttermilk, Tuscan cowboys who, until fairly recently, drove the Maremma cattle on horseback. If you're really lucky, you'll even see some of the indigenous wild horses galloping along the beach at sunset.

DESCRIPTION

Villa Wynne represents the *crème de la crème* of prestigious properties on the market today. The estate has been created from the ruins of an ancient monastery and the superb restorations of the 8000 m² of living space have used locally sourced, eco-friendly products throughout. The final result is one of stunning visual impact coupled with minimal environmental impact. This generosity and thoughtfulness includes designing the infinity swimming to coincide with an enchanting view of Giglio Island. The interior houses artwork, installations and murals by a series of famous artists and to give you an idea of the quality of the work, the Mexican artist behind the stunning horse heads also exhibits his work at the Colosseum in Rome.

The property comfortably sleeps up to 18 guests and has been carefully designed to create a stylishly authentic ambient throughout with all modern comforts and plenty of space. Nothing has been left to chance and absolutely everything is of the highest standard, from the towels in the spa right down to the crockery in the kitchen.
