DESCRIPTION

Chalet Ilaria – Eco Luxury Chalet with Mountain Views

Chalet Ilaria is a refined alpine retreat that blends sustainability, design, and comfort. Built using eco-conscious materials, the chalet reflects a philosophy where luxury meets simplicity, creating a warm and authentic mountain living experience.

Elegant Interiors Across Three Levels

The chalet spans over 180 sqm across three thoughtfully designed floors, offering both space and privacy for groups and families.

On the ground floor, you will find three bedrooms, two bathrooms, and a walk-in closet, alongside the main entrance. Moving upstairs, the first floor opens into a bright and inviting living area with an open-plan kitchen and access to a terrace. In addition, this level features a double bedroom with a private bathroom.

The top floor hosts a cosy attic suite, complete with a bedroom, bathroom, and a second living area with a fully equipped kitchenette. As a result, guests benefit from flexible living spaces ideal for both shared moments and quiet retreats.

Comfortable Accommodation for Groups

Chalet Ilaria accommodates up to 10-12 guests across five bedrooms and four bathrooms.

Each space is designed with attention to detail, combining natural materials with carefully curated furnishings. Therefore, the atmosphere feels both luxurious and welcoming, perfect for relaxing after a day in the mountains.

Sustainable Design and Unique Character

A key feature of Chalet Ilaria is its commitment to eco-sustainability.

Only environmentally friendly materials have been used throughout the construction and design. At the same time, each element has been selected with care, resulting in a chalet where every detail feels unique and intentional.
