DESCRIPTION

Corfu Villa with Olive Grove and Pool

This Corfu villa with olive grove and pool offers a peaceful Mediterranean retreat shaped by nature, wellness, and refined comfort. Villa Kudu is inspired by Corfiot and Mediterranean tradition, while its contemporary design brings a sense of luxury and innovation. As a result, guests can enjoy a stay that feels both authentic and modern.

The villa forms part of a 7,000 sq. m. ecosystem that reflects Corfu's lush emerald landscape. More than 100 organic oil-producing olive trees surround the property, many dating back 150 years. In addition, a vineyard and fruit trees add to the natural beauty of the estate.

Apple, pear, orange, lemon, and chestnut trees help create a rich Mediterranean setting. Therefore, the villa feels deeply connected to the island's scenery, scents, and slower pace of life.

Mediterranean Setting and Natural Beauty

Villa Kudu celebrates the landscape around it. The estate's mature olive grove creates a timeless atmosphere, while the vineyard adds another distinctive feature.

The surrounding trees bring colour, shade, and seasonal character to the property. Moreover, the mix of organic olive trees and fruit trees enhances the sense of privacy.

This Corfu villa with olive grove and pool is ideal for guests who want calm surroundings and a strong connection to nature.

Pool, Jacuzzi and Beach Access

The estate includes a 20 m long private pool, giving guests plenty of space to swim, cool off, and relax. The Jacuzzi adds an extra wellness element for quiet moments during the day or evening.

Guests can spend long hours by the pool before heading to the nearby sandy beach. In addition, the beach is only a short walk away or a two-minute drive.

As a result, Villa Kudu offers the best of both worlds: private poolside relaxation and easy access to the sea.

With its 7,000 sq. m. ecosystem, 150-year-old olive trees, vineyard, fruit trees, 20 m private pool, Jacuzzi, and nearby sandy beach, Villa Kudu offers a serene Corfu escape.
