Luxury Villa Living

DESCRIPTION

The villa is built over three levels in an exclusive 693-square-meter private estate. Each corner is thoughtfully planned and fabulously decorated. Traditional designs blend with modern luxuries, presenting a house that is unique on this side of Koh Samui. It is away from the popular Chaweng Beach but you can still reach the coastal area easily.

This exquisite home has 4 bedrooms over two levels. The first bedroom is close to the main living area. It has a king bed and an attached bathroom. Its striking feature is the covered outdoor lounging area that is located next to the pool. A ceiling-to-floor glass door promises stunning sea views from inside the room too. Guests staying here will be close to the common areas and the impressive private swimming pool.

Ascend a floating staircase to reach the upper level. Here, you will find the three other bedrooms. The master suite with a king bed has a private outdoor plunge pool on the balcony. It offers the most enchanting views with an extra touch of luxury. The two other bedrooms also have large king beds and ensuite bathrooms. They open to a shared upper sea-facing balcony. All the bedrooms are air-conditioned and have televisions. The ensuite bathrooms have showers.

An external staircase guides you from the covered parking area to the expansive pool terrace. It is one of the best parts of the villa with an 85 square meter infinity pool facing the ocean. You will get a 180-degree view of the hills, ocean, and the surrounding landscape. Swim anytime you want and relax by the pool on a lounge. There are two outdoor dining areas on both ends of the terrace, both offering sea and sunset views.

The pool deck also has a traditional Thai pavilion with a sunken lounging area. It has comfortable sofas for the entire family. This pavilion is sandwiched between two koi ponds on both sides. It is a favorite with young children.

A second poolside pavilion has the Villa Tiga's living room and a third dining table. This fabulous pavilion with a thatched roof is open on two sides, offering a nice transition between the indoor and outdoor areas. The living room has a large sofa and a smart television. Several artifacts decorate the space. The formal dining table with eight chairs is placed behind the sofa in the same room.

The villa's kitchen has an oven, microwave, refrigerator, kettle, toaster, and coffee machine. Continental breakfast is served free daily. You can also ask for a private chef if you want for your lunch and dinner.
