DESCRIPTION

When you enter the main house you immediately know you are somewhere special with the large rock boulders in the living room and the high ceilings that give rise to walls filled with unique works of art.

To your left is a modern kitchen fully equipped with all amenities and to the right is an office, three of the six bedrooms and a laundry room

The living room has three large bi-fold doors that open onto a large covered deck that overlooks the unique infinity edge pool with rock waterfall fountain, the beautiful landscaped gardens and the sea below.

There is a large outdoor dining table that seats up to 12 and outdoor seating to relax and unwind in the shade.

Each main house bedroom has a large en suite bathroom, a large wardrobe, air-conditioning and is accented with beautiful artwork on the walls. The three bedrooms can be configured as three King beds or one of the King beds can be set up as two twins.

The other three bedrooms are located in separate bungalows – Jupiter, Venus and Neptune named after the night-sky vista. Each bungalow has it's own private deck, indoor and outdoor shower, en suite bathroom, large wardrobe, safe, mini fridge and tea and coffee tray.

The three bungalows can be configured as three King beds or two of the King beds can be set up as two twins. There is also an additional option to use the fold out chair to sleep a child in each bungalow.

The beautifully landscaped gardens also boast a fully equipped outdoor kitchen and dining area overlooking the ocean, a swing chair and a jacuzzi hot tub set in amongst the rocks right on the top of the headland.

Pathways lead you around the property through the landscaped gardens and bring you back to the main sun deck that is lined with palm trees and sun loungers to relax and soak in the sun or take a dip in the beautiful pool.

It is rare to find a property where you can see both the sunrise and the sun set in the British Virgin Islands and this property does not disappoint. Quite simply it takes your breath away!
