DESCRIPTION

Access to the villa is along an enchanting cobbled driveway, adorned with a central fountain — a perfect complement to the grand portico and elegant architecture. From the double height entrance hall, you can see straight through to the pool and spectacular mountain views beyond. The left wing of the villa comprises a large bespoke kitchen with a central island, sleek units and mod cons, a bright and airy sitting room and a formal dining room with modern furniture, comfortable seating and a classic neutral colour palette. Large covered sun decks at the back of the house are furnished with plush seats where you can relax in the shade, dine alfresco and gaze at the stunning uninterrupted view.

In the right wing of the ground floor, there are three ensuite bedrooms. The master bedroom, impeccably decorated like the rest of the house, has a large dressing room and a beautifully finished marble bathroom, as well as a private sun deck with more of those stunning mountain views. A small office completes this floor.

The upper floor comprises two ensuite bedrooms in the same contemporary style as the rest of the villa, with private balconies facing the mountains.

The basement houses another large ensuite bedroom with a dressing room, which can be used for guests or staff. Other goodies down here are a large home cinema room with pool table, and a super spa with a sauna and steam room, not to mention a gym with top brand equipment.

Outside, the well-kept gardens, embellished by native trees and vegetation, blend into the gorgeous landscape and provide the perfect backdrop for lounging by the poolside.
