DESCRIPTION

Relaxing Villa with Saltwater Pool

This relaxing villa with saltwater pool offers a calm and comfortable stay for up to eight guests. Villa Tortoise has four bedrooms, a fully equipped kitchen, a comfortable living room, shaded outdoor dining, a garden, and shaded parking.

The villa has been designed to create a light and airy atmosphere. White walls, polished cement floors, wooden ceilings, and built-in double beds give the interiors a simple and elegant style. In addition, all bedrooms have ceiling fans, which adds extra comfort during warmer days.

This relaxing villa with saltwater pool works well for families or groups of friends. The interiors feel minimal and soothing, while the outdoor areas offer space for dining, swimming, and relaxing. Every detail supports a sense of ease and complete relaxation.

Ground Floor Living Spaces

The ground floor includes a comfortable living room with a TV, stereo system, and A/C. This space gives guests a relaxed place to gather during the day or evening.

The dining table seats six guests. Nearby, the open-plan kitchen comes fully equipped for easy meal preparation. As a result, guests can cook, dine, and relax together in one practical space.

This level also includes a guest WC for added convenience.

Ground Floor Bedrooms

The ground floor includes two guest bedrooms. Each bedroom measures 13 sq. m. and has a double bed.

Both bedrooms have en-suite shower rooms and closets. Therefore, guests can enjoy privacy, comfort, and useful storage during their stay.

First Floor Master Bedroom

The first floor includes the master bedroom. This room measures 17 sq. m. and has an en-suite shower room.

The master bedroom also includes closets, a TV, A/C, and an amazing view. It creates a peaceful place to rest after time by the pool or in the garden.

Lower Ground Floor Bedroom

The lower ground floor includes one guest bedroom measuring 14.50 sq. m. This room has twin beds, a TV, closets, and a shower room.

It also offers a garden view. This bedroom adds flexibility for families, children, or friends who prefer separate beds.

Outdoor Dining, Pool and Garden

The outdoor area includes a shaded dining space with a dining table for eight guests. This makes al fresco meals simple and comfortable.

The swimming pool measures 3.25 m x 8.20 m. It uses eco-friendly technology, with water disinfection through an advanced Zodiac salt electrolysis system. This means the pool does not use chlorine tablets and offers a pleasant, healthy swim.

The garden adds to the peaceful atmosphere. Shaded parking is also available for guest convenience.

Optional Independent Bungalow

An optional independent cell bungalow is available on request. It has an en-suite shower room, modest decoration, and a spectacular view.

This bungalow can be combined with another villa and can accommodate two extra guests. Therefore, it offers extra flexibility for larger groups.
