DESCRIPTION

Built 6 years ago, Casa GiGi stands out in the Riviera Maya due to its unique architecture. Enjoy breakfast in the shade of the courtyard, surrounded by plants and flowers, or wake up to the Caribbean sea views from your bedroom. Show your competitive side with a game of shuffleboard or just sit back and relax overlooking white sandy beaches and shallow turquoise water.

The villa offers 4 ensuite bedrooms in total, with three sharing the stunning views across the sea. Downstairs you will find a fully equipped kitchen, best applied by the private Maya Luxe chef service, to create delicious meals throughout the day. The bustling courtyard provides the centre piece of the house while the watchtower makes for an experience like no other within Playa del Carmen. Make sure to head up there as the sun sets and the sky turns a magical pink.

Located in the exclusive gated community of Playacar Phase 1, Casa GiGi is a pleasant stroll from the buoyant Quinta Avenida, known for its charming restaurants, trendy bars and diverse range of shops. You will also find plenty of activities in the neighbourhood, like enjoying a rally of tennis overlooking the Mayan ruins or learning to kitesurf on the distinguished Playacar beach. However you desire to spend your time at Casa GiGi, one thing is for sure... You will feel like royalty.
